VIEWING ANGLES

Easily adjustable screen tilt and simple installation come together to deliver a functional ultra-slim mount with understated elegance. Using an innovative hinge mechanism, the world's slimmest tilting mount positions your flat panel a mere 17mm from the wall. Forward and backward tilt ensure the perfect viewing angle, while overall extension enables convenient access to the rear of the screen.

ROLL

After installation TV can be rotated left or right ensuring it is level with its surroundings

Finishing TOUCHES

Achieve a virtually invisible, clean and stylish installation with your choice of cable management options:

Keep cables and connections completely hidden from view with the In-wall Box accessory. It's the perfect behind-the-screen solution as power and cables can be run directly from the screen into the wall. Complete a virtually invisible installation with the unprecedented combination of an Ultra Slim™ wall mount and the In-wall Box accessory.

Cable Management Channel accessory provides a simple way to conceal cables right on the wall. The channels attach easily to the wall, include a 90° connector and can be painted any color to match the décor. This low-profile cable management solution perfectly complements the full range of Ultra Slim™ wall mounts from Peerless.

No matter what finishing touches are used, the Ultra Slim™ mounting collection delivers a clean, elegant look that complements any décor.
