FLAT PANEL MOUNT SOLUTIONS

# Ultra Slim ARTICULATING

The ultra slim articulating wall mounts are the world's thinnest, and only full-motion mounts. These Peerless ultra slim mounts are lightweight, pre-assembled, and offer a hook-and-hang screen attachment that makes installation easy. After installation, the ultra slim articulating mounts will tilt, swivel and pivot the ultra thin screen into virtually any position to achieve the perfect viewing angle. Highlighted by their ultra slim design, ease of installation and full articulating function, the ultra slim articulating mounts are the simple solution for maximizing the sleek appearance of ultra-thin screens.

- 1 INNOVATIVE TILT**  
One-touch tilt, +15°/-5°, allows for ideal viewing angles without the use of tools
- 2 FULL EXTENSION**  
Arm retracts to 1.1" (29mm) and extends up to 28.9" (734mm) from the wall
- 3 POST INSTALLATION LEVELING**  
±5° of roll offers a simple way to horizontally level the screen
- 4 180° OF VIEWING POSSIBILITIES**  
Up to ±90° full side-to-side motion for flat panel screens up to 55"
- 5 1-2-3 INSTALLATION**  
Pre-assembled design for a quick and easy install
- 6 OPEN ARCHITECTURE**  
Open wall plate design increases cable management and power options

# Ultra Slim TILT

0.68"  
From the Wall

The ultra slim tilt mounts are the thinnest tilting wall mounts in the industry. A simple three-step installation process with a hook-and-hang screen attachment saves time and effort on every mount installed. The unique and stylish ultra slim tilt mounts feature a state-of-the-art continuous tilt hinge mechanism that delivers a new level of tilting dynamics and an impressively slim profile. The use of innovative hinge technology lets the installer pull out the screen up to 5.5" away from the wall for ample two-handed access to the rear of the screen for easier cable hook-up. These mounts provide the ultimate tilting low-profile screen mounting solution.

- 1 INNOVATIVE TILT**  
Set-and-stay hinge mechanism allows for +17.5/-5° angle adjustment
- 2 ENHANCED BACK OF SCREEN ACCESS**  
Screen extends up to 5.88" (149mm) from the wall allowing for both hands to be free for cable and power hook-up to the back of the screen
- 3 ULTRA SLIM DESIGN**  
Holds screen 0.68" (17mm) from the wall
- 4 EASY INSTALLATION**  
Simple hook-on design makes installation quick and easy
- 5 PERFECT SCREEN PLACEMENT**  
Horizontal adjustment up to 8" (203mm)
- 6 WALL ACCESS**  
Open wall plate architecture increases cable management options

**UNIVERSAL ULTRA SLIM TILT WALL MOUNT**

Description	In-Wall Box	4 Ft. / 6 Ft. Cable Management Channels
-------------	-------------	--

Peerless supports the beauty of ultra-thin flat panels by reducing the space between the screen and the wall, effectively instilling a touch of modern elegance to magnificent function. This comprehensive line of installer-friendly Universal Ultra Slim mounts are the vanguard of the industry, delivering the alluring ultra-thin aesthetic with remarkable flat, tilt and articulating functions. While the installation ultimately inherits the ultra-thin beauty, Peerless provides the first-class installation experience.
