

Mounting kit incl. white boards

152.0120-LS Mounting kit incl. white boards of lacquered steel for touch display 70 - 86 inch, max. 2050mm x 1250mm (WxH)

This whiteboard kit is made of lacquered steel on both sides enclosed by an aluminium frame. These whiteboards are custom-made for your touch display or whiteboard model. Compared to enamel steel, lacquered steel offers usage stains of markers easily. A proper cleaning is strongly recommended. SmartMetals offers 1 year warranty on the surface of a lacquered steel whiteboard. This mounting kit creates a fixed or an in height adjustable solution for optimal use of your presentation tool.

Whiteboards and mounting kits are custom made to perfectly fit your (touch) monitor. Please specify upon order what brand and typ (touch) monitor you are using.

-> Please note: unfortunately the **Samsung DM75E-BR with pentray** is not compatible with this mounting set. For this combination we have a custom made set with article number 1604552-01; please contact the SmartMetals team for product and price information via +31 (0)88 70 60 100.

Mounting kit incl. white boards
